Melo M12Jordan< p > Cameron & middot; Anthony's twelfth generation boots, Jordan Melo M12 official global offering has a week's time the, presumably many melon honey have to start. Then this new shoes how? For want to start but not to start with a friend may wish to understand the relevant knowledge of the following. Shoe style design inspiration from the lizard, intention in tribute to the "dungeon" activity center of Baltimore (here is Anthony accompany grow in the way of basketball place). Shoes with a large area of the mesh upper four built-in collocation in the shoes of the foam cushion and a half boots design, both shoes package or for ankle lock effect are also good, toe of the asymmetrical design also let shoes benefit bandit is shallow. < p > as for in the end, presumably all the more clear the, double chamber of the zoom air mix FlightSpeed technology, start-up and response speed is very fast, and as a heel ordinary Phylon material is filled, slow shock performance is really general. From lizard skin irregular corrugation depth is acceptable and can effectively increase the friction of the multi direction and persistence, shoes also equipped with XDR versions, although you can combat field. However, it is recommended that the room wearing. here I have to mention a bit is, after the shoes combat fold something serious, very beautiful effect. Overall shoes positioning for flexible front players, official price is \$1399, at present market price RMB 900 or so, the current price. Nike Kobe 11 Eliteas a possible Kobe occupation career last signature shoes Kobe 11 Elite, will allow many families to pay for honey. So in today is the official release of the Kobe Xi'ACHILLES HEEL'first color (tribute to Bryant's career and Greek hero Achilles,), let us together to understand the performance of this Kobe's new boots. < p > shoes with binding flyknit shoe boots design, but for different is shoes in the shoe upper is added to the TPU fiber line, which makes shoes under the premise of no weight gain, with a better and support package can be described as very let people surprise. (low uppers, shoe money for instep and foot wide may exist oppression sense) as Kobe 11 elite technology configuration using a Kobe Bryant and 10, with the same configuration, namely the forefoot into free philosophy Lunarlon, heel zoom air, in the bottom of the architecture is and 10 generations not, return to the seventh generation initially embedded into the bottom, but in the 11th generation the most direct presentation (no in bottom directly to the insole present). The shock feeling brings such a structure is still very good, the forefoot slightly soft, followed by a slow.
